Reason for Change

The enhancement for the Medical Savings Program (MSP) will allow a worker to correctly code MSP. The revision incorporates a modified message for the BUY-IN values on the budget output screen.

Change in Procedure/System Processing

Effective 06/18/07 MBL will not allow entry of the Buy-IN value "S", MBL will calculate the budgets utilizing the SSI-Related rules and display the MA SSI Budget Screen for the Buy-IN indicator values of "A", "B", and "C". Budget type 08 Chronic Care and Community screens will both display Buy-In eligibility. For budget types 09 and 10 "ONLY" the Chronic Care portion will display Buy-In eligibility.
