**Section I**

Three new WMS/CNS individual reason codes have been created for TA and FS. These codes replace F35 – Fleeing Felon/Probation – Parole Violator and allow for greater specificity. They are:

**G44 – Probation Violator**

Notice Language: This is because you/name are currently in violation of probation.

**G45 – Parole Violator**

Notice Language: This is because you/name are currently in violation of parole.

**W35 – Fleeing Felon**

Notice Language: This is because you/name are currently a fleeing felon. A warrant was issued because you/name have been determined to be fleeing to avoid prosecution, or custody or confinement for a felony or an attempted felony. A warrant was issued by the State of \_\_\_\_\_. The issuing agency was \_\_\_\_\_. For more information about this warrant you/name may contact this issuing agency at \_\_\_\_\_.

Workers using W35 will be asked to provide information to complete this notice language on the CNS Fleeing Felon Data Entry Screen, WCN030. Workers need to provide the name of the state from which the warrant was issued, the name of the agency in that state that issued the warrant, and a telephone number at which the issuing agency may be contacted.
