Section II: Update to Reduction in Benefits Notice

The Reduction in Benefits Notice has been updated to include the 2018 Part D Benchmark plans.

Section III: Changes to W3H

W3H has been changed to reflect the "fee for service" benefit package. Upstate Closing Reason Code W3H is generated at renewal to direct recipients in the MAGI category on WMS to recertify on NY State of Health (NYSoH). The notice generated by Reason Code W3H includes a list of benefits that are not currently available through NYSoH. Recipients are directed to contact the local department of social services if they are in receipt of any of the services on the list. The list included in the Reason Code W3H language is limited to only the following fee-for-service benefits:

- Nursing home care provided in a hospital or skilled nursing facility
- Hospice services in the community or in a nursing home
- Adult day program, certified home health aide or personal care services

Accompanying Fair Hearing language was also changed.
