

WARM will time out after 15 minutes of inactivity. You will receive one of two screens if you time out of WARM. To get back in, you will need to open a fresh browser window and log back in.

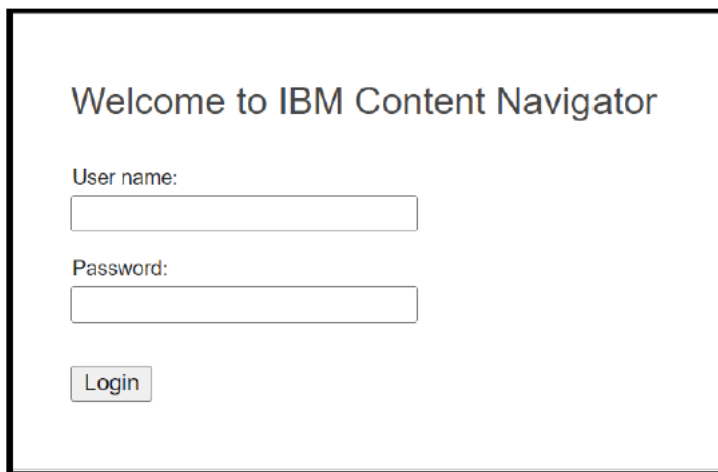

An error message dialog box with a red circle containing a white 'x' icon. The text inside the dialog reads: "Your request cannot be processed." followed by "An error occurred on the Content Manager OnDemand server." and "Contact your system administrator for assistance." Below that, it says "Additional information about the error is in the web application server log files. For more information about the log files, see 'IBM Content Navigator log files' in IBM Knowledge Center." There is a close button (an 'x' in a square) in the top right corner.

Your request cannot be processed.

An error occurred on the Content Manager OnDemand server.

Contact your system administrator for assistance.

Additional information about the error is in the web application server log files. For more information about the log files, see "IBM Content Navigator log files" in IBM Knowledge Center.

A login form titled "Welcome to IBM Content Navigator". It contains two input fields: "User name:" and "Password:". Below the fields is a "Login" button.
